Module Title:	Graduation Project (theoretical part)
Module ID:	BIOL-471
Prerequisite (Co-requisite):	Completed at least 60 credit hours of the compulsory Dept. requirements
Co-requisite :	N/A
Course Level:	7 th level
Credit Hours:	2 Hours

Module Description

:

Training on project establishment and methodology of execution including literature reviewed and use scientific information resources.

Module Aims

أهداف المقرر:

1	Training students on how to handle and develop specific research problem and then put forward the idea of research.	1
2	Preparing for scientific research methodology and research planning.	2
3	Data collection and analysis.	3
4	Solve problems that hinder the method adopted in the search.	4
5	Results tab and develop scientific solutions to the problem of finding.	5

Learning Outcomes:

مخرجات التعليم:

1	Learn the essential steps of the usage of library and electronic search	1
2	Know types of scientific papers, thesis and journals	2
3	Learn the classification of collected information in priority order	3
4	Design a complete and basic research proposal.	4
5	Conduct practical research	5
6	know how to collect and analyze data	6

Course Contents:

:

ساعات التدريس (Hours)	الأسابيع (Weeks)	(Subjects)
6	2	- Conduct practical research
12	4	- Collect data
6	2	- Analyze data
9	3	- Trouble shooting
9	3	- Write research progress reports
